Pizza and Two Courses

Sustainability

Elaine Feldman, P.E., CEM, LEEDAP

Senior Consultant

Environmental Strategy Consultants, Inc.

This session will be an overview of the context, the what, why and how of Sustainability, in particular in Manufacturing. The historic context, some view of how companies are embracing this challenge, some examples in manufacturing of the core analysis, drivers, tools, and management that promote ever-more efficient resource use, coincident reduction in waste and emissions, risk, long - time liability and real costs, for ever-more resilient and sustainable operations.

Lessons from

the Salvation Army Building Collapse

David Fleisher, PE

Fleisher Forensics

This session This session will be an overview of the demolition codes, highlighting the tragic Salvation Army building collapse, with the resulting testimony provided to the Pennsylvania legislature on behalf of PSPE to improve demolition laws

to be held at Pennoni Associates

1900 Market St Suite 300 Philadelphia, 19103

to REGISTER go to www.pspe-philly.org

PSPE has evaluated these courses for 1.0 Professional Development Hour each. The courses should meet the continuing education license contact credit hour requirements for New York State. PSPE believes that the courses are acceptable for credit in PA, NJ and other National Model states where courses do not require pre - approval.

Pennsylvania Society of Professional Engineers Philadelphia Chapter Remaining 2017-2018 Program

Date	Event - Click Event for Details
May 3, 2018	Annual Meeting & Officers Installed
May 23, 2018 STEM Awards	STEM Awards Night at CBS3 MathCounts, Future City, Sea Perch, HighSchoolScholarships, BestTeachers

President's Message

We have had a successful year with many programs from outreach to the 5000 professional engineers of our region (only 10% members of PSPE) to discussion on talking points to our state legislators. Join us on April 5th for our last classes of the year, then on May 3rd to install new officers, then May 23rd to celebrate and honor our student winners from MathCounts and other STEM programs. Consider joining our Board to improve these programs and implement your own ideas to aid fellow professional engineers and the public we serve

Erik Hoet, PE
