President's Message

Our 2025-26 Chapter year continues with one of our annual highlights that being our **Outstanding Engineering Achievement** Award presentations and competition. This program predates the birth of most of our Members and features **YOU**. Projects of all fields are reviewed: Civil, Chemical, Mechanical, Electrical and more. The KEY attribute to winning is the demonstration of engineering challenges and innovative solutions. Tie breakers are importance to the engineering profession and tangible benefits to our Delaware Valley. Judges are the Presidents from the PA and NJ Professional Engineering Societies of the Delaware Valley.

We are still seeking a tour or presentation for January. Please send your suggestions to president@pspe-philly.org. January is also the deadline for our Nominations Committee, Chaired by [Chris Fell, PE](#), to report a slate or slates for CY 2026-27. Please consider joining our governance, and voice to our Pennsylvania State Legislature on matters of how we Professional Engineers may best serve the public. See [Bylaw #12](#) for more details. Also consider joining one of our [Committees](#).

We are also seeking a program for April. The Pandemic is over, so let's try for a sitdown event. [Share ideas with me or Chris Fell, PE](#).

Join us with your peers to participate in this exciting year.
