

**Pennsylvania Society of Professional Engineers  
Philadelphia Chapter  
Course, Presentation and Networking**

**Thursday, April 1, 2021**

**Virtual ZOOM Course: 7:00 PM to 8:00 PM**

**TECHNOLOGY AND TRENDS IN VEHICLE AUTOMATION**

**Presented by**

**Stan Caldwell**

Executive Director

of

Carnegie Mellon University's Mobility21 National University Transportation Center

The course will present his research on technology and policy trends related to automated vehicles. Vehicle automation is just one of many technologies disrupting the transportation sector, including vehicle connectivity, electrification, and shared use, which are evolving on separate but converging paths and enabled by rapid advances in information and communications technology. This course will provide participants with a general understanding and relationship of these technologies and related trends.

**Networking: 8:00 PM to 9:00 PM**

The Pennsylvania Society of Professional Engineers, through PIE, will evaluate and approve this "courses" as meeting the continuing education license requirements for 1.0 Professional Development Hour in New York State. PSPE believes the "courses" will be accepted for credit in PA, NJ and other National Model states where courses do not require pre-approval.

**Prices using Paypal**

**Course and PSPE/PIE Certificate\* - \$10.00**

**FOR RESERVATIONS GO TO:**

<http://www.pspe-philly.org>
