Anchoring Principles and Design

Course #2: 7:00 PM to 8:00 PM

This session will

Technology of Adhesive Anchoring

This session will

Both Course Presented by

Jeff Kashuba, P.E.
Structural Field Engineer
Greater Philadelphia Area

PSPE will evaluate the courses for 1.0 Professional Development Hour. The courses should meet the continuing education license contact credit hour requirements for New York State. PSPE believes that the courses are acceptable for credit in PA, NJ and other National Model states where courses do not require pre-approval.
