

**The Pennsylvania Society of Professional Engineers
Philadelphia Chapter
Pizza, Course, Presentation and Networking**

Thursday, November 2, 2017

Registration & Pizza: 5:30 PM to 6:00 PM

Course #1: 6:00 PM to 7:00 PM

Long Span Concrete Floor

**Presented by
Francois Dutil
BAILEY Metal Products Limited**

This "course" will provide an understanding of the attributes of 8" deep – long span deck. It will define the system, examine the overall installation process, explore the incorporation to various structural systems and define the benefits of the structural floor system.

Presentation: 7:00 PM to 8:00 PM

NSPE: Building for the Future of the Professional Engineer

**Presented by
Harvey D. Hnatiuk, PE, F.NSPE
Past President – NSPE / Vice President – Maida Engineering, Inc.**

Presentation will include a discussion of where NSPE is now, how we have gotten here and where the organization is going in the future. NSPE's advocacy efforts will be highlighted along with our leadership in the realm of engineering ethics and our organization's core values will be highlighted.

The Pennsylvania Society of Professional Engineers through PIE evaluated and approved the "course" which meets the continuing education license requirements for 1.0 Professional Development Hour in New York State. PSPE believes the "course" will be accepted for credit in PA, NJ and other National Model states where courses do not require pre-approval.
