Philly Sandwiches and Courses**

**Thursday, October 6, 2016**

**Sandwiches: 5:15 PM to 6:00 PM**

**Course #1: 6:00 PM to 7:00 PM**

**Philadelphia L&I Special Inspections  
Program and Demolition Permitting**

**Presented by**

Licenses + Inspections, City of Philadelphia:

**George Altmeier, P.E.**

Engineering Services, Supervisor

**Elizabeth Baldwin, P.E.**

Development Division, Director

This 1 hour session will provide an overview of the requirements for special inspections and demolition within the City of Philadelphia. The City of Philadelphia has strengthened its rules for performing both Demolitions and Special Inspections. The City has been developing qualifying criteria for Special Inspectors; and these new requirements were formalized through a recent regulation and are presently effective. The City implemented interim Demolition permit requirements in June 2013. Since this time, these requirements have been codified and new Demolition Contractor License introduced. The code provisions identify specific cases where an engineer must certify the site safety plan or oversee the demolition operations.

**Course #2: 7:00 PM to 8:00 PM**

**Trends in Photovoltaics for Residential Applications**

**Presented by**

**Mark Bortman**

Exact Solar

This 1 hour session will provide an overview of the design of photovoltaic systems to provide electricity to homes using solar panels, the recent advances in photovoltaic system technology, and the projections for the future both from an economic and technological perspective.

Both course will be evaluated and should be accredited for 1.0 Professional Development Hour by the Pennsylvania Society of Professional Engineers through PIE to meet continuing education license requirements in New York State. PSPE believes that both courses will be accepted for credit in PA, NJ and other National Model states where courses do not require pre-approval.

**Sheraton Philadelphia University City**  
36<sup>th</sup> & Chestnut Streets - Philadelphia, PA 19104 - 215-387-8000
