

**Pennsylvania Society of Professional Engineers  
Philadelphia Chapter  
Pizza, Course, Presentation and Networking**

**Thursday, January 9, 2020**

**Registration & Pizza and Wings: 5:30 PM to 6:00 PM**

**Course #1: 6:00 PM to 7:00 PM**

**Electrical Safety in the Workplace – What Has Changed?**

**Presented by**

**Joseph F. Maida, PE**

Maida Engineering, Inc.

Everyone who works on commercial or industrial design and/or construction project should be aware of the danger they could be exposed. In 2018, NFPA 70E, Standard on Electrical Safety in the Workplace, and IEEE 1584, Guide for Performing Arc Flash Calculations, had major revisions. This course will describe the revisions and how these will affect completed and future arc flash risk assessments.

**Course #1: 6:00 PM to 7:00 PM**

**Ethical – Rightness, Fairness and Equity – PE Licensure**

**Presented by**

**Joseph F. Maida, PE**

Maida Engineering, Inc.

As defined by Merriam Webster, “**ETHICAL** may suggest the involvement of more difficult or subtle questions of rightness, fairness, or equity”. This course will discuss Professional Engineering Laws in many states and why they may or may not be Ethical by exposing the costs and dangers of being in “Responsible Charge”

The Pennsylvania Society of Professional Engineers, through PIE, will evaluate and approve these “courses” as meeting the continuing education license requirements for 1.0 Professional Development Hour in New York State. PSPE believes the “courses” will be accepted for credit in PA, NJ and other National Model states where courses do not require pre-approval.
